

April 19, 2010

DOT Inspector General
1200 New Jersey Ave SE
West Bldg 7th Floor
Washington, DC 20590

Dear Inspector General,

I submitted an online complaint through the Online OIG Hotline Complaint Form on February 4, 2010 providing specifics about a defect with Runway 9/27 at Memphis International Airport. The confirmation number I received was DOT100121-09. I have never received any contact from the DOT or the FAA concerning this issue.

I recently obtained more evidence that proves that Runway 9/27 is sinking into the Hurricane Creek tunnel which runs beneath it. Tennessee Governor Bredesen sent me an email on April 5, 2010 stating that he would forward my information to the DOT and have someone contact me as well. Still no one has contacted me.

This runway defect is an extremely urgent matter. I have posted all of my documentation concerning this problem at this website address:

<http://www.guycobb.com/coverup.htm>

Will you please respond to my request to have someone contact me to discuss this issue before there is an accident caused by the defect.

Respectfully,

Guy Cobb
