RE: Enterprise Vulnerability Study 001, Memphis Runway 9/27 at Hurricane Creek

Dear Mr. Cobb:

The Tennessee Department of Homeland Security forwarded a copy of your study to my office. This was in error as the subject of your study is not within the statutory purview of the Transportation Security Administration (TSA). By law, TSA is responsible for aviation and transportation security. Aviation safety and air carrier operations are properly within the purview of the Federal Aviation Administration.

Please understand that TSA Memphis will take no action on your study. You should not expect any further response from my office.

Sincerely,

A handwritten signature in black ink that reads "Kevin G. McCarthy".
