

April 13, 2010

Director, Robert Mueller
Federal Bureau of Investigation
J. Edgar Hoover Building
935 Pennsylvania Avenue, NW
Washington, D.C. 20535-0001

Director Mueller,

My name is Guy Cobb and I am writing to ask if you could provide information specific to Special Agent My Harrison and the Memphis FBI Field Office. In 2006 I was working as a Business Continuity and Disaster Recovery planner at FedEx and discovered a defect with Runway 9/27 at Memphis International. As you can see from my documentation I have included with this letter, On February 22, 2010 I mailed my documentation concerning this defect to Special Agent in Charge My Harrison of the Memphis FBI Office requesting help.

Specifically what I am trying to determine is why Ms. Harrison never personally responded to my letter and documentation; why the Memphis FBI Office did not contact me until I posted the USPS Certified Mail Receipt on my website; why the receipt was not filled out correctly; and why Ms. Harrison and Agent Saltsman's Supervisor "could find no criminal activity" within my documentation or cover letter.

I will posting this letter and your response on my public documentation website. I look forward to receiving your response.

Thank you,

Guy Cobb
