subject Request for Inspection  
mailed-by gmail.com

Mr. Gaskins,

I needed to contact your office to request an inspection of the Hurricane Creek Tunnel which passes directly beneath Runway 9/27 at the Memphis International Airport. During a tour of this tunnel in 2006 I was told by the Airfield Maintenance people that the tunnel belonged to the Memphis Public Works Department and they are responsible for the maintenance of the tunnel. Since then I have discovered that the tunnel is in much worse condition than in 2006 and that the Memphis Shelby County Airport Authority are attempting to cover up the damages.

I have set up a website addressing these issues that I would encourage you to review. I would also like to ask you what the process is to request an inspection of the tunnel by your office.

Please let me know as soon as possible. Here is the website address I have set up:

[www.guycobb.com](http://www.guycobb.com)

Thank you,

Guy Cobb
